There seems to be some hitch developing regarding when a flight test will occur, principally because of aircraft availability problems. We have been talking to the responsible people who will be visiting us within the next three weeks to go over plans for flight tests and the future.

I will be coming to Washington within the next few weeks and would like to see you. I also know there is a lot going on out here on the West Coast and would appreciate your stopping by whenever you're nearby so that we can bring you up to date.

Within the last week I received notice from [redacted] [redacted] concerning their intent to place contracts with us very shortly. That was a good first birthday present for the company and we all feel very good about it.

Frank, if there are other quick reaction specialized jobs which we can do for your people, I would appreciate hearing from you, because I would like to develop a reputation for ourselves in this area.

Best regards.

Sincerely,

STATINTL
